Race Comments

- Race 2 saw some new paddlers, and some old faces that haven't been about for a while. Welcome to Jonathan Rudd and David Spinks, and welcome back to David Lander, Mark Dunbabin and Dan Hall.
- There were numerous close finishes with video review needed to show the K2 pipping Maggi Smith by under 0.04 seconds.
- Brent Ranson, Phil Grainger and Andrew Mollinson paddled well in their 1st race of the season. All three improved on their last season's best times.
- Despite both of them being a bit rough about the head, Dan Hall and Chris Blackerby looked good in the bright red K2 sprint boat.
- Matt Dalziel set the fastest time of the season and was only 11 seconds off last season's fastest time.
- Jodi Templar played in the mud for the second week straight; hopefully she can complete a race properly before the end of the season.
- Even at this early stage of the season Justin Boocock and Mathew Watton look to have a little competition developing. This week Mathew just beat Justin and last week it was the other way round.
- Thanks to Margaret Mollinson for the excellent barbecue after the race.
